These children are jewels which lie on the streets, all you have to do is pick them up and they will glow

- Don Bosco

Don Bosco (16 August 1815 - 31 January 1888) was a Catholic priest from Italy and recognized educator, who employed teaching methods based on love rather than punishment. Don Bosco succeeded in establishing a network of centres (Salesian Institutes) to carry on his work. Don Bosco’s capability to attract numerous boys and adult helpers was connected to his “Preventive System of Education”. He believed education to be a “matter of the heart” and said that the boys must not only be loved, but know that they are loved

Shelter Don Bosco

A Home for Children in Need of Care and Protection

Shelter Don Bosco is a Non Governmental Organisation working for children in need of care and protection since 1987, initiated by the Salesian Society in the Province of Mumbai. Shelter Don Bosco is a part of the Don Bosco family of institutions that work with and for youth, especially the emarginated ones. Over the past years, Shelter Don Bosco has responded to the growing needs and demands of our young friends in various ways, each of which has led to several different projects that seek to empower the marginalized child.
